# Mission & Vision

## MISSION

**MISSION:** The Greater Green Bay Health Care Alliance is a collaboration of health care and higher education organizations committed to sustaining an academic-practice partnership built on trust, mutual goal setting, and reciprocity to advance health care education and practice across the continuum.

## VISION

**VISION:** To ensure a sufficient and highly qualified workforce that meets the needs of our communities.

**The vision is achieved by:**

- Ensuring safe and high-quality clinical experiences for a wide spectrum of health care professional students.
- Identifying opportunities for clinical/residency placement efficiencies.
- Sharing policies and procedures of healthcare and academic partners.
- Intentional collaboration across GGBHA membership.
- Monitoring trends in both healthcare and academia.
- Promoting diversity, equity, inclusion, and ethics.
- Supporting new and expanding educational opportunities.

# History

- Began as subcommittee to Brown County WI Chamber of Commerce team in February 2011
  - ✓ Multiple discussions around securing clinical placements by local colleges. Subgroup formed to work on issue.
  - ✓ Led by a member of the Chamber of Commerce, academic and business partners with primary focus on nursing clinical placements
- Developed processes to schedule nursing clinical placements to avoid overlap of academic programs and space students throughout the week.
  - ✓ Reviewed other collaboratives across WI and reviewed literature search

# History

- Following initial collaboration, focus was standardization of :
  - ✓ Preclinical requirements
  - ✓ Preclinical education modules
  - ✓ Documentation that requirements were met
- Expanded to other academic programs involving clinical placements
  - ✓ Now used for all student placements

# History

- Group initially met at Chamber offices
- Moved to academic partner sites after the team was running effectively. Currently group meets virtually.
- Developed website that serves as repository for documents and education.
- Included more academic and business partners as the environment has grown.
  - ✓ Use processes for distance learning programs as well as local programs.

# Students we serve

---

- Nursing/NP/MSN
- Medical Students/Residents
- Respiratory Therapy
- Surgical Tech/First Assist
- Paramedic/EMT
- Chaplain
- Therapy (PT, OT, SLP)
- Radiology
- Radiation Therapy
- Social Work
- Early Childcare
- Clinical Education
- Biomedical Engineering
- Nursing Assistants
- Medical Assistants
- Dietician
- LEAN/project management
- Child Life

- Workplace violence
- HIPAA violations example video

## Career Exploration

Are you interested in pursuing a career in healthcare? Click the links below for in-depth information. After researching careers, high school students can contact their high school counselor or Youth Apprenticeship coordinator for more information or to setup a job shadow experience. College students can contact their academic advisor.

## Contacts

[CONTACTS](#) – Utilize the Excel tabs to access specific contact groups. *Updated 6/7/2023*

# Website Funding

---

- WordPress Website 2-year subscription \$180
- WordPress Domain Registration 1 year subscription \$19

# Recent Collaborative Work

---

- Forecasting of Healthcare Work force needs
- Continuing education opportunity: National expert on clinical judgment in nursing
- Epic training as hospitals moved to EHR platform
  - Epic tip sheets created to show hospital specific guidelines for students and faculty

# Benefits for HealthCare Systems/Organizations

---

- Consistent point of contact between schools and healthcare organizations
- Annual cadence of review of processes, documents, resources
- Consistent tracking of student placements
- Resource during accreditation surveys regarding student processes
- Reference for schools outside of geographic area
- Unit evaluations used in preceptor performance reviews

# Benefits for Academic Partners

---

- Open line of communication. Monthly meetings provide avenue for updates (changes in units, leadership, policies, etc.)
- Academic collaboration with requesting clinical sites
- Consolidated clinical orientation for students and faculty
- Advisory Board feedback from healthcare systems
- Accreditation support (ex: Preceptor information sheet, unit evaluations, etc.)
- Guidelines for health requirements
- Preceptor handbook created for precepted nursing students

# Continued Work

---

- Calendar for annual review of material
- Epic training
- Networking events
- Annual instructor updates
- Prioritization based on global and local trends

# Questions?

---
